

**IN THE DRAWINGS**

Applicants amend FIGURE 9 to include the claimed report in Claims 48, 49, and 74, as suggested by the Examiner.

**IN THE SPECIFICATION**

Please amend the specification as follows:

On page 35, line 9, replace "information.", with  
--information, which may be generated in the form of a report  
103.--.

**IN THE CLAIMS**

For the convenience of the Examiner, all of the pending claims are reproduced below, whether amended or not. Please amend the claims as follows:

38. (Amended) A system for determining a tax for a vehicle, comprising:

a mobile unit coupled to a vehicle, the mobile unit comprising:

a positioning device operable to determine a plurality of position fixes along a route traveled by the vehicle;

an odometer operable to generate a plurality of odometer readings; and

a communications device operable to [transmit]  
initiate transmission of the position fixes and the odometer readings based on a configurable condition;

a communications link coupled to the mobile unit, the communications link operable to receive the position fixes and the odometer readings from the mobile unit; and

a remote location coupled to the communications link, the remote location operable to receive the position fixes and the odometer readings determined by the mobile unit using the communications link, the remote location further operable to determine a tax for the vehicle in a plurality of taxing
